BARRIO ARTS AND CRAFTS—The Barrio Mobile Art Studio (BMAS) is currently providing the Boyle Heights and City Terrace communities with a variety of art activities and skill building experiences in the arts. Funded through Los Angeles County General Revenue Sharing monies, the BMAS is a component program of Self Help Graphics and Art, a community arts resource center located at 2111 Brooklyn Avenue in Boyle Heights. Because of the mobility of the Barrio Mobile Art Studio, art activities and cultural events are able to take place throughout the barrio, at schools, libraries, parks, recreation centers and local neighborhoods. The van is staffed by four bilingual artist-instructors. Artist Linda Vallejo, left, is shown above with students from Malabar Elementary.
