is pleased to present
“NECESSARY FICTIONS”
Rene Vasquez
and
Rafael Arrieta Eskarzaga

An artist is challenged with inventing a reality integral to his vision of the world. One artist delves into historical mythology, while another visits the unconscious, each to uncover his private fiction. Ultimately, the artist must create a fiction necessary to his understanding and vision of life itself.

Distinguished Collector
Armando Duron

will present his collection of over 160 contemporary Latino Americano and Chicano art works followed by a roundtable discussion of renowned collectors, critics and curators.
